NEED PRE/POST CAMP?

Q: What is it?

A: It's supervised care for your child before and after camp hours, 7am-9am & 4pm-6pm.

Q: Where is it?

A: At Camp Sargent. Primarily at front field, basketball court and covered pavilions. At The Nashua & Merrimack YMCA it is primarily in the gym and on the field

Q: How much does this cost?

A: \$57 per child per week. (This includes pre AND post care)

Q: What if my child is doing Pre/Post camp at the Nashua Y but taking the bus to Camp Sargent or Camp Merrimack. Do I still have to pay the \$57/week bus fee in addition to the \$57/week Pre/Post fee?

A: Yes. The two fees cover two separate staff costs and a large percentage of the bus fee goes to cover the cost of renting the bus (i.e.: fuel costs, driver, tolls etc.).

Q: Do you offer busing FROM Camp Sargent or Camp Merrimack TO the Nashua Y/Camp Nashua?

A: Unfortunately we do not.

Q: What if my child just needs one but not the other, can I pay half?

A: Sorry, due to staffing it is one fee for Pre AND Post camp.

HEALTH/MEDICAL INFORMATION

This form requires all immunization dates and a physical exam within 2 years prior to attending camp for children ages 6 and over and must be signed by the attending physician. Campers under age 6 must have yearly exams. Such forms are given by the doctor's office, not the YMCA. Forms must be dated after Sept. 1, 2016 for children 6 years and up and after Sept. 1, 2017 for children 5 years and younger. Forms are due to your child's camp administrator by your tuition balance due date (the Friday prior to the camp week). **Registration is not complete without these forms being on file for EACH camper AND balance paid.**

CAMP SARGENT on Lake Naticook

141 Camp Sargent Road, Merrimack, NH | www.campsargent.org

ABOUT CAMP SARGENT

Located on beautiful Lake Naticook in Merrimack, NH just minutes from the Merrimack and Nashua Y, Camp Sargent sits on 22 acres. Since 1924, Camp Sargent has offered the Greater Nashua community a quality day camping program for boys and girls 5-16 years old. Sessions range from one to twelve weeks of traditional camp activities to more involved specialty camps that provide more time for campers to dive deeper into what interests them most. Regardless of the type of camp, staff always stress safety, teamwork and work towards each camper building self confidence and making friends.

At the heart of Camp Sargent is a joy of learning and exploration while having fun and being surrounded by caring role models. Many activities integrate Science, Social Studies, Math and Physical Activity. Though many of the "specialty Camps" are designed after the STEM (Science Technology Engineering and Math) core model of learning, we are intentional in that the overall day look and feels like camp, and not a classroom. There's no such thing as summer learning loss at YMCA Camp Sargent, where igniting curious young minds happens every day!

LICENSING AND ACCREDITATION

Camp Sargent is accredited by the American Camp Association (ACA).

"ACA Accreditation is a process during which a camp undergoes a thorough review of its operation—from staff qualifications and training to emergency management—to ensure compliance with more than 300 standards. ACA is the only nationally accrediting body for all types of camps. ACA standards are recognized by courts of law and government regulators as the standards for best practices in camp."—American Camp Association.

In addition to being ACA accredited, Camp Sargent is licensed by the New Hampshire Department of Environmental Services (DES).

THE CAMP SARGENT IMPROVEMENT FUND

A Camp Sargent specific fund created to generate funds for investing in camp and programmatic enhancements that directly benefit the camp experience.

OUR STAFF

Our staff is CPR & First Aid certified and complete a week long orientation which covers various adolescent behavioral issues, small group activities, rainy day activities as well as goals and objectives for camper development.

All staff are hired based on prior experience working with school-age children and proven ability to lead a group in a safe and fun environment. Do you have questions about how Camp Sargent can meet the needs of your child? Contact Camp Director, Randy Menken at 603.689.2433 or rmenken@nmyymca.org.

CAMP INFO

Camping, like many Y programs, is about learning skills, developing character and making friends. But few environments are as special as camp, where kids become a community as they learn both how to be more independent and how to contribute to a group as they engage in physical, social and educational activities. Camping teaches self-reliance, a love for nature and the outdoors and the development of attitudes and practices that build character and leadership—all amidst the fun of canoeing, archery, talent shows and meaningful relationships. Y counselors are dedicated to making sure camp is an amazing experience for every camper.

Examples of Period Activities

Free swim, boating, archery, nature, arts & crafts, drama, Yoga, Ga-Ga, Native American studies, playground, board games, fishing, hiking, science experiments, songs, fort building, parachute games, scavenger hunts, sports games, tetherball, “challenge by choice” ropes course and log rolling in the lake.

Harry Potter Camp

SPECIALTY CAMPS at Camp Sargent on Lake Naticook

Grades 1-9

Archery

One of the most popular activities at camp. Campers will learn proper techniques and safety. Limit 8 campers per session.

Eco-Fit

Campers see just how much fun exercise can be, all within the natural setting of Camp Sargent! We climb and jump over logs and rocks, forest based challenge courses and other fun activities to teach kids about fitness in the outdoors, all while exploring and learning about nature, healthy eating and cooking with fresh produce from our vegetable garden! Like all of our camps, Eco-Fit Camp is open to children of all abilities

Farm Camp

Combining hands-on farm education and sustainable living is what this camp is all about. Campers will interact with the animals each day performing chores, learning how to care for them and understand their importance on sustainable farms. During their time in this camp, each camper will learn about planting, weeding, composting, and harvesting in our vegetable garden.

Forts, Bridges & Skyscrapers

We'll look at the natural and man-made world around us, while learning to work individually as well as part of a team. Creativity and problem solving are fostered inside this camp.

Harry Potter Camp

Leave Privet Drive and the Muggle world behind as you transform into a student at Hogwarts' School of Witchcraft and Wizardry. Harry Potter Camp is a celebration of all things Hogwarts'. Campers will be able to create and taste their very own Hogwarts' snacks, illustrate their own house crest, concoct potions, create spell books, play Quidditch and much, much more! If your inner wizard is dying to get out, then this camp is right up your Diagon Alley.

Huck Finn Camp

Map making, scavenger hunts on Blueberry Island, orienteering and wildlife survival skills all take place in this camp. Journal keeping through stories and drawing are also an integral part of this camp!

Science Sampler (2 week session)

Offering a glimpse into a handful of different phenomenon, both man-made, and not. Rocketry, volcanoes, crystal mining and pond life ecology are some of what's on the "sampler" menu! Campers in this STEM modeled camp will use technology in an outdoor setting to not only have fun but to learn and sharpen skills they covered in school.

Survivor Camp (2 week session)

Through both physical and mental challenges, on and off Blueberry Island, campers will participate in activities that will push them to dig deep in themselves and trust in their peers to overcome obstacles, both physical and not. Campers will develop self confidence, independence and leadership in this camp. Like all of our camps, Survivor Camp is open to children of all abilities.

Please Note: Due to the amount of time specialty camps take, your child may not be able to partake in all the daily camp programs. Field trips (on and off site), guest speakers and professional demonstrations are planned (for certain sessions).

“He is learning to speak up for himself and to respect others. He's learning a lot of new activities and gets along great with the counselors.”

Schedule and prices can be found on pages 16-19.
